Dear Mother

I rec^d your very
^{fine} letter last evening containing
some ^{very} useful articles. We wrote
you at Donaldsonville for
a box of things you didnt
say any thing about it and
we thought ~~you~~ ^{you} had not got the
letter and so I will tell
you what I want most it
two or three pair of stockings
some towels and handkerchiefs
a needle book a pocket
tible a pair of checked shirts

cotton & some tobacco such
as Best Griffin & used to
keep I don't know of any thing
else that at present but
you can put in what else
you are a mind to most
any thing will be acceptable
from before you know.

We have a fine camp here
on Williams plantation we ex-
pect to stay here the remain-
der of the summer we are
both ⁱⁿ uncommon good health
since we got here I have
fleshed up my fat Harrison
is the fattest I ever saw him
before. the water we get here
is very poor we have got some
stone jars that we get
out of a sugar house set
in the ground under ~~the~~
our tent which makes the

water very good after
it is settled from a pair
of water there is nearly an
inch of mud settles in the
bottom of the jar so you can
judge what kind of water
we have to use.

Warriess says he wants you
to send him ~~to~~ one pair of
cotton stockings you may
send me also one or two pair of
cotton ones. I have not time
write any more you must
excuse this short letter
Give my love to all

From your Affection
